

Instructions

Scholarships are provided depending upon availability of funding and financial need. Requests for financial assistance are received and approved on a first come/first served basis, so please submit your application as soon as possible. CU Science Discovery strives to provide as many scholarships as possible to children who may otherwise be unable to attend camps – please consider this when determining the amount you can pay for camps. If you are applying for aid for multiple students, please complete a separate form for each student.

1. Complete this Scholarship Application.

If a scholarship is awarded to your child(ren), we request student feedback regarding how their summer camp experience impacted them. This can be done in several different formats (choose one):

- a hand-written note, for those able to do so
- a hand-drawn picture
- a note dictated to the parent from the camper
- an email from the parent as dictated from the camper

Here are a few questions that can be used to get you started. It is not necessary for you to answer these specific questions. They are meant only as a helpful guide:

- Was this their first summer camp experience? If not, how did it compare to other experiences they've had?
- Did their summer camp experience inspire them to explore a topic further after the conclusion of their camp week?
- What is the most exciting thing they learned during their time at Science Discovery?
- Did their summer camp experience influence the way they play at home?
- Did their summer camp experience influence elective choices in school?
- Did they make a friend connection over the summer?

At the start of your child's camp, you will receive an email reminding you of this request. Please submit your child's response within one week of the conclusion of their camp. Thank you in advance for providing this helpful feedback!

Parent/Student Statement

Please respond to the following:

- 1.) Describe the unique circumstances that would support your request
 - 2.) Monthly living expenses
 - 3.) Additional expenses i.e. medical bills, therapy, etc.
- Continue on an additional sheet if needed.

I understand that CU Science Discovery provides scholarships based on *true* financial need. I affirm that my financial disclosure is accurate and that my request for a scholarship is valid.
